## Who are we?

Great Local Delivery is a Vancouver, British Columbia based company that is launching a platform that focuses on connecting and providing businesses with on-demand courier services. Great Local Delivery is founded by Foreseeson Technology Inc. who is an award-winning technology innovator in Richmond that has been providing services that include IT security distribution, electronic manufacturing and battery storage solutions for 19 years.

## Why GLD?

Great Local Delivery's mission is to provide businesses in the Greater Vancouver with affordable on-demand delivery services for anything, at any time within the same day. Items could range from personal/business packages, retail items, groceries, food and many more. In addition, GLD aims to provide our drivers the opportunity to earn a reasonable amount for the amount of deliveries they complete and with the aspect of drive more, earn more.
